Interest and charges

Interest payable to	Interest is calculated daily on the value of your deposit.
Interest payable to	
you	The interest rate is fixed for the term of your deposit, which
	means that we cannot change it once you have made your
	deposit.
	If your deposit term is up to and including one year, we will pay
	interest when your deposit matures, which means when the
	term of the deposit has come to an end. If your deposit is
	longer than one year, we will pay your interest annually on the
	anniversary of the deposit.
	Please check our website to find out our current interest rates,
	or call us.
Тах	From 6 April 2016, HM Revenue and Customs (HMRC) made changes to the way credit interest is taxed. This change meant that credit interest is paid gross and tax is not deducted when paid into your account. The interest paid will contribute towards your Personal Savings Allowance, if applicable.
	This also means that you will no longer need to complete forms R85 or R105 to receive gross interest.
	Please be aware that you may still be liable to UK tax if you are
	a UK resident and we are unable to provide advice relating to tax. We recommend you speak to your accountant.
Charges	FidBank UK Limited Fixed Term Deposit is free to operate for personal customers. There is a charge of £100 for business customers.
